

**ADVANCED BUILDING & CONSTRUCTION  
LIMITED (IN LIQUIDATION)  
("Company")**

Company number: 6473113

New Zealand Business Number: 9429046385574

**Liquidators' Second Report to Creditors and  
Shareholders**

## 1. Introduction

Iain Bruce Shephard and Jessica Jane Kellow, Licensed Insolvency Practitioners of BDO Wellington, (Registration Numbers: IP71 and IP75 respectively) were appointed joint and several liquidators (“Liquidators”) of Advanced Building & Construction Limited (“Company”) on 5 August 2021 at 1:22pm by resolution of the creditors passed at the watershed meeting in accordance with section 241(2)(d) of the Companies Act 1993 (“the Act”).

Prior to liquidation, Iain Bruce Shephard and Jessica Jane Kellow were appointed as voluntary administrators (“Administrators”) to the Company on 31 March 2021 by GAMOS Services Limited (“GAMOS”) (as a secured creditor) in accordance with section 239K of the Act.

In addition to our statutory obligations, we are also bound by the RITANZ Code of Professional Conduct (“Code”) when carrying out all professional work relating to our appointment as Liquidators.

In accordance with section 255 of the Act we are obliged to report to all creditors and shareholders on the conduct of the liquidation during the preceding six-month period. This report should be read in conjunction with the Liquidators’ first report dated 12 August 2021 pursuant to section 255(2)(d) of the Act and the Administrators’ report to creditors pursuant to section 239AU of the Act dated 23 July 2021.

Copies of all statutory reports and notices are available at the following address: <https://www.bdo.nz/en-nz/news/2021/bdo-appointed-as-joint-administrators-of-advanced-building-construction-limited>.

## 2. Restrictions

This report is not intended for general circulation, nor is it to be reproduced or used for any purpose other than that outlined above without our written permission in each specific instance.

We do not assume any responsibility or liability for any losses occasioned to any party as a result of the circulation, publication, reproduction or use of this report contrary to the provisions of this paragraph.

We reserve the right (but will be under no obligation) to review this report and if we consider it necessary to revise the report in the light of any information existing at the date of this report which becomes known to us after that date.

## 3. Background and Reasons for Liquidation

Advanced Building & Construction Limited (now In Liquidation) (trading as AdBuild) (“Company” or “AdBuild”) commenced trading in 2018 with the intention of providing modular building solutions into the New Zealand market, especially in the area of social housing.

During the course of its operation, the Company had successfully completed a number of construction projects for several Government agencies, however, latterly had focused on constructing classrooms for the Ministry of Education.

Initial teething problems with design, multi-council consent processes and deployment learnings led to significant delays and cost overruns in relation to a particular Kainga Ora project in Auckland. The flow-on effects were constructed units consuming factory space, expensive off-site storage needs, and additional factory space requirements to prevent delays to further new construction.

The COVID-19 pandemic and the associated lock down trading restrictions resulted in no construction contracts being awarded to the Company for approximately four months.

In late 2020, the Company had commenced a strategic review and restructure of the organisation. As part of the review and restructure, financial projections were undertaken which indicated cashflow constraints occurring in March 2021.

In preparation of the anticipated constraint, the Company sought an informal compromise with creditors and sought to renegotiate payment terms with its secured lenders. The Company also sought additional working capital from its shareholders, which was not forthcoming. One of the secured lenders was not prepared to further negotiate the terms of the repayment of the debt and following meetings with a director of the Company and with management, served a demand on the Company. When this demand was not met, the secured lender appointed administrators to the Company on 31 March 2021.

At the time of the Administrators' appointment, the Company had 30 active construction projects.

The Administrators maintained a 'business as usual' trade-on strategy and traded the business for over four months, while conducting a process for either the sale of the business or investment into the Company. Following a comprehensive sale/investment process, the Administrators entered into a conditional agreement for the sale of the business on 20 July 2021 to Niche Modular Construction Limited ("**Niche**").

For the reasons fully set out in the Administrators' report to creditors dated 23 July 2021, the Administrators recommended that it was in the creditors' best interests to approve the transaction for the sale of the business to Niche and to resolve to place the Company into liquidation.

At the watershed meeting of creditors held on 5 August 2021, the creditors voted to approve the sale of the business to Niche and resolved to place the Company into liquidation.

## **4. Conduct of the Liquidation in the Reporting Period**

### **4.1. Liquidation of the Company**

#### ***Settlement of Transaction for the Sale of the Business to Niche***

As indicated in our previous report, the transaction for the sale of the business to Niche settled on 11 August 2021.

During the reporting period, the Liquidators have liaised with Niche regarding the transition and the finalisation of invoicing and on-going trading matters (including the allocation of sub-contractor/supplier payments and contract receivables) based on the structure of the sale of the business. Although largely resolved, there are a number of outstanding matters which we continue to work through with Niche, the most significant being the invoicing of construction projects that have now fallen into the 'defects liability period' stage. We expect that these will be resolved within the next reporting period.

#### ***Review of Company Records and Investigations***

##### **General Document Hosting & Management**

The Liquidators have been provided with a significant quantity of Company records (including access to the Company's email servers, its accounting and costing software, and general records). Given the quantity of the information, the Liquidators have utilised the services of an external company for document hosting and management while we conduct our review and investigations.

### Antecedent Transactions

A number of transactions that occurred prior to liquidation are being investigated as to whether they constitute insolvent transactions and may be subject to recovery action. The Liquidators are seeking legal advice in respect of certain transactions with related-party creditors during the relevant period under the Act.

### Directors Duties

The Liquidators are reviewing the directors' conduct (including that of former and/or deemed directors) during the course of the Company's operation to ensure that the directors have complied with their duties under sections 131 to 138 of the Act, especially in light of recent case law developments. As indicated in our previous reports, the Company held Directors and Officers insurance cover which did not contain an insolvency exclusion.

The Liquidators are also aware that in relation to a small number of construction contracts, the Company did not hold retentions separately on trust in the form of cash or other liquid assets as required under the retentions regime under the Construction Contracts Act 2002. The Liquidators are seeking advice as to what remedies, if any, are available to the Liquidators and/or the Company.

### Foreign Recognition Order in Australia

The Liquidators are in the process of applying to the Federal Court of Australia to obtain a recognition order of the liquidation of the Company in Australia under the UNCITRAL Model Law and the *Cross-Border Insolvency Act 2008* (Cth).

The purpose of the Foreign Recognition Order application is to provide the Liquidators with the statutory powers given to Australian liquidators under the *Corporations Act 2001* (Cth) in respect of statutory examinations of office-holders and key personnel resident in Australia, and assets and records located in Australia.

The application will require notice to be provided to the creditors of the Company regarding both the application and any order granted. Any such notice will be served in accordance with the Federal Court of Australia's directions.

### ***Inter-Company Loans***

As indicated in our previous reports, the Company's records indicated inter-company loan receivables of approximately \$3.12m which were unsecured and repayable on demand. The loans were made by the Company to two Australian-registered companies that are wholly-owned subsidiaries of ModuleXC Holdings Pty Ltd (which is also the Company's shareholder). The inter-company loans comprise either cash advances or payments made on behalf of the debtors.

The Liquidators have served statutory demands on the two debtor companies, however, the debt remains unpaid. The Liquidators have commenced winding up applications in the Supreme Court of Queensland to liquidate these two companies and have obtained the consent of an independent third-party to act as liquidator.

At this stage, we are uncertain what ability, if any, these companies have to repay the debt. We note that the recovery of these loans would have a material impact on the funds available for distribution to unsecured creditors.

### ***General***

The Liquidators advertised their appointment in the relevant publications and made a call for creditor claims. The Liquidators also directly contacted all known creditors and answered any queries they may have had. The Liquidators subsequently reviewed all completed creditor claim forms received.

The Liquidators have liaised with many parties including Inland Revenue, the Companies Office, the New Zealand Gazette and the Accident Compensation Corporation, and completed a review of all information received.

#### 4.2. Schedule of Receipts and Payments

Attached as **Appendix 1** is a schedule of receipts and payments for the six-month period.

Attached as **Appendix 2** is a remuneration schedule covering the duration of the liquidation.

#### 4.3. Asset Realisations

##### ***Surplus from Administration***

At the date of the Liquidators' appointment, the balance of the funds held totalled \$745,904.44.

##### ***Net Proceeds from Sale of Business***

The balance of the purchase price for the sale of the business was \$5,040,000. Following repayment of the secured creditors (detailed below), the net proceeds were transferred to our trust account.

##### ***Contract Receivables***

During the course of the liquidation, we have received contract receivables totalling \$4,207,750.70 (including GST). This amount relates to construction contract invoices issued both during the administration but not paid until liquidation and invoices issued post-settlement that are to be paid to the Company as part of the transaction for the sale of the business. Corresponding costs and expenditure (such as subcontractors, suppliers, and employee costs) incurred related to generating this revenue is reflected on the receipts and payments.

##### ***Inland Revenue - GST Refunds***

We have received Inland Revenue GST refunds totalling \$270,624.10 during the course of the liquidation.

#### 4.4. Creditor Claims

##### ***Secured Creditors***

As at the date of settlement, the Company had the following secured creditor liabilities:

<b>Creditor:</b>	<b>Type of Security:</b>	<b>Amount Owed:</b>
Kiwibank Limited	All Present and After-Acquired Personal Property	\$2,032,907
GAMOS Services Limited	All Present and After-Acquired Personal Property	\$1,091,956
Bank of New Zealand	Goods - Vehicles	\$69,174
Carpet Court	Goods - Inventory	\$111,089
Dimond Roofing - Fletchers	Goods - Inventory	\$183,930
Easy Steel - Fletchers	Goods - Inventory	\$194,360
Manufacturing Suppliers	Goods - Inventory	\$21,183
Westpac Bank	Goods - Other	\$216,693
	<b>TOTAL</b>	<b>\$3,921,295</b>

All secured creditors were paid in full from the proceeds from the sale of the business and the security registered over the assets has been discharged.

##### ***Preferential Creditors***

##### **Employee Holiday Pay**

The holiday pay owed to employees as at the date of liquidation totalled \$84,550.06. All holiday pay was either paid out in full upon settlement or, with the employee's consent, the liability was transferred to Niche as part of the sale of the business.

#### Inland Revenue

Inland Revenue filed a preferential claim in February 2022 for \$818,858.58 relating to unpaid GST for the periods ended 31 January 2021 and 31 March 2021. Despite numerous requests by the Liquidators for Inland Revenue to file its claim before 24 September 2021, the claim was not submitted by that date and Inland Revenue was therefore excluded from the distribution paid in October 2021 (further details below).

#### ***Unsecured Creditors***

The Liquidators fixed 24 September 2021 as the date on or before which creditors of the Company were to file claims in the liquidation. At this date, the Liquidators had received 90 claims in the liquidation totalling \$5,800,419.83.

The Liquidators reviewed these claims and the supporting documentation against Company records to confirm the validity of the claims. The Liquidators also ensured that any claims were net of duress payments made during the course of the administration (duress payments are those made in order to facilitate ongoing trading).

Following the Liquidators' claims admission process, 83 unsecured claims were admitted in the liquidation totalling \$4,286,075.96.

In October 2021, an interim distribution of 20 cents in the dollar was paid in respect of admitted unsecured claims.

Inland Revenue also filed a non-preferential unsecured claim in February 2022 for \$62,789.10 relating to penalties and interest in respect of the Company's GST liability for the periods ended 31 January 2021 and 31 March 2021. This claim was only received in February 2022 and was therefore excluded from the October 2021 distribution.

#### Claims unable to be adjudicated

The Liquidators have been unable to adjudicate a small number of claims filed in the liquidation and sought further information from the creditors in order to substantiate these claims. Allowance for these claims was made in the calculation of the interim distribution paid in October 2021 (indicated above) and the Liquidators currently hold funds representing 20 cents in the dollar on trust pending adjudication of these claims. Should these claims be admitted the funds held on trust will be distributed to these creditors. If the claims are rejected, the funds will form part of the general liquidation fund.

#### ***Further Distributions to Unsecured Creditors***

Any further funds available for distribution to creditors, will first be applied to Inland Revenue's preferential claim.

Further distributions to non-preferential unsecured creditors are dependant on the collection of the balance of the Company's contract receivables (which may be subject to additional costs to complete) and/or recovery from any litigation that the Liquidators may take.

## **5. Statement of Affairs and Interests Statement**

Attached as **Appendix 3** is the Statement of Affairs of the Company. The information provided at the date of liquidation was prepared based upon financial statements of the Company as at the date of liquidation.

The revised statement of affairs considers asset realisations, creditor distributions and other liquidation costs to date. The information provided demonstrates our best understanding of the Company's position at this time given the information provided to the Liquidators and investigations that have taken place.

Attached as **Appendix 4** is an interests statement in accordance with section 255A and 255(2)(d)(ii) of the Act.

## 6. Further Proposals for Completing the Liquidation

The Liquidators propose to take the following further actions:

- liaise with Niche and contract principals to finalise remaining invoicing matters and final payments to sub-contracts/suppliers;
- review potential voidable/insolvent transactions;
- continue a review the actions of management, directors, officers and advisers of the Company and any potential claim against them;
- pursue the recovery of related party debts by liquidating the Australian entities;
- distribute available funds (if any) to preferential and unsecured creditors;
- assessing other areas of potential recovery; and
- complying with our statutory obligations.

The Liquidators will consider further actions subsequent to additional information regarding the Company's affairs that comes to the Liquidators' attention. Further actions will be subject to the availability of funding and an assessment of the benefits of pursuing recoveries.

## 7. Estimated Date of Completion

It is not practical to estimate the date of the completion of the liquidation at this stage. Our subsequent reports to creditors will, when appropriate, advise of an estimated completion date.

## 8. Contact Information

The above amounts are subject to the costs of liquidation and are recorded on a GST-inclusive basis.

#### Notes to Statement of Affairs

- 1) The Liquidators require further particulars from the creditors in order to adjudicate these claims.
- 2) These funds have since been received in full.
- 3) The balance of the contract receivables that the Liquidators anticipate to receive.
- 4) As indicated in our report, we are uncertain as to the recoverability of these loans at this time.
- 5) Additional costs required in order to invoice/collect the contract receivables (above at point 3).
- 6) These claims and expenses have been paid in full during the liquidation.
- 7) Inland Revenue's claim was filed subsequent to the interim distribution to unsecured creditors in October 2021.
- 8) The February 2022 balances are net of the 20 cents in the dollar interim distribution paid in October 2021.
- 9) As indicated in our report, these are claims that we have not yet been able to adjudicate and includes what was classified as a related party advance.

## Appendix 4 - Interests Statement

(Pursuant to section 255A of the Companies Act 1993)

This Interests Statement is to be read in conjunction with the Liquidators' previous Interests Statement in our previous reports.

We, Iain Bruce Shephard and Jessica Jane Kellow, Licensed Insolvency Practitioners of BDO Wellington, (Registration Numbers: IP71 and IP75 respectively), declare that:

- We have made the appropriate inquiries that are required for ensuring that this Interests Statement is complete; and
- Since the date of our previous Interests Statement, we confirm that we have not become aware of any additional circumstance, relationship, or other fact that creates, or could reasonably be perceived as creating, a conflict of interest in relation to the independence of our role as Liquidators.
